

# Allele Server Directions

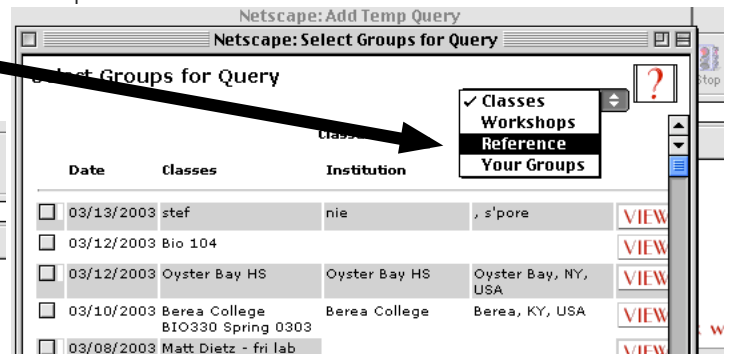

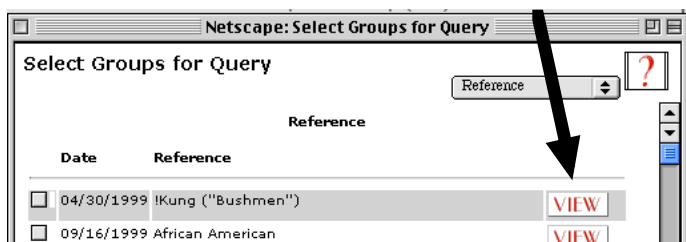

1. Start Netscape from the launcher.
2. Type in this URL:  
<http://www.bioservers.org>
3. Under "Allele Server" click on **Enter**

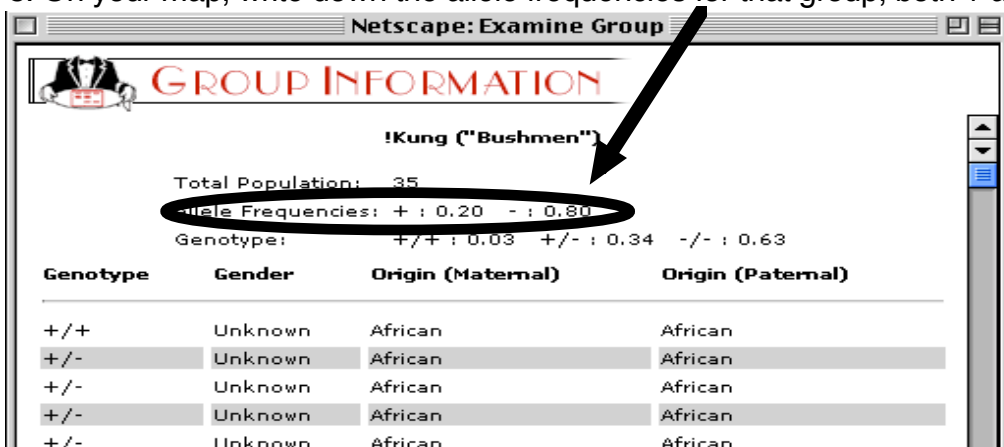

Click here

6. In the pull-down menu, choose "Reference"
7. Choose a group, and click on "View" button

8. On your map, write down the allele frequencies for that group, both + and -

9. When you are finished with that group, click "done."

10. Repeat steps 7-9 for each group on the map.
